Shared hosting plan Shared hosting plan is most basic entry-level hosting plan.

The Shared hosting plan is an excellent option to get a single website up and running quickly at a very low cost. Since it's a starter plan, there are a few limitations to be aware of which are all mentioned below.

Only one website can be hosted (excluding DNS Only, Mirror, Parked, or Redirect domains)

Limited Email account

MySQL databases for your website

subdomains for your domain

storage space

webserver user account

Start with INR 4950/- per year
